---

Read these highlights to learn more about your Plan. If there are any discrepancies between this document and the Plan Document, the Plan Document will govern.

## About the 401(k) Plan

A 401(k) plan is a retirement savings plan designed to allow eligible employees to supplement any existing retirement and pension benefits by saving and investing before-tax dollars through a voluntary salary contribution. Contributions and any earnings on contributions are tax-deferred until money is withdrawn.

## Eligibility Requirements

Please contact your Plan Administrator regarding eligibility requirements.

Eligible employees may enroll each month.

Please contact your Plan Administrator for information regarding excluded employees.

## Enrollment

You will be automatically enrolled at 3% unless you select a different amount or sign a waiver on or after 30 days from your participation date.

## Contribution Limits

### Before-tax Contributions

In 2012, the before-tax contribution amount is between 1% and 100% of your compensation or \$17,000.00, whichever is less.

Participants turning age 50 or older in 2012, may contribute an additional \$5,500.00.

### Roth Contributions

The Roth option will give you the flexibility to designate all or part of your 401(k) elective deferrals as Roth contributions.

Roth contributions are made with after-tax dollars, as opposed to the pre-tax dollars you contribute to a traditional 401(k). In other words, with the Roth option, you've already paid taxes on money you contribute. With the traditional 401(k), your contribution is made on a pre-tax basis and you pay taxes only when you take a distribution.

## Employer Contributions

### Discretionary Match

Your Plan may contribute a discretionary match. This contribution will only apply to a participant's deferrals that do not exceed a dollar amount or percentage of included compensation that is determined by the employer.

### Profit Sharing

Your Plan may provide for a profit sharing contribution in an amount to be determined by your employer.

## Vesting Schedule

Vesting refers to the percentage of your account you are entitled to receive upon the occurrence of a distributable event. The value of your contributions to the Plan and any earnings they generate are always 100% vested (including rollovers from previous employers).

The employer discretionary match contribution is immediately 100% vested.

The employer profit-sharing contribution is immediately 100% vested.
